Theurgia, Interbeing and the Thinning of the Veil

***Wisdom School 2021
May 30-June 5***

In this unsettled world of ours we have reached both a thin place and a tipping point in time. It is new for us. It can be both breathtaking and terrifying, because the vistas are large and the landscapes are rugged. We have no clarity about what lies ahead, but we do know that time, history, circumstances and, yes, “Spirit” has brought us here. When we say Spirit we mean perhaps the Angel, Mother Wis-

dom and the divine Breath breathing and blowing as winds of history. In some ways not only are the landscapes new, but this is also a perfect storm. Doorways are being opened. The veil is thinning. Things have been stripped bare. Now, in this moment we cannot go back to sleep. We must move forward through the open doorway and begin our praxis of ***theurgia***—*the gift of the the divine Spirit acting, working and speaking through us as an aperture of transcendence into this world to create and enhance **Interbeing***. We do not know exactly all that this may mean for us, but it is certainly new. We are experimenting. We are in ***praxis***.

Our wisdom school this year is being designed to explore these possibilities and walk forward, putting into practice what is arising in our hearts and minds (remember for contemplatives the mind is correctly in the heart). We will be using both, and theurgic exercises as we practice the art and science of sacred magic.

This Wisdom School will be held on zoom and in person at the Praxis Retreat Center in Elwood Texas. We will follow a daily schedule of teaching, silence, prayer, collective reflections, midrash using text and digital images, group work, and fellowship.

The week long academy will be held on Zoom and at the Praxis Retreat and Learning Center in Elwood, Texas May 30-June 5.
